Rezoning Presentation to CEC 3

November 14, 2016

District 3 Rezoning: W 59th St to W 116th St

Goal

- To effectively plan for new elementary school capacity in collaboration with the District 3 superintendent, CEC, and community.
- In collaboration with the CEC, the DOE identified three key objectives:
 - Alleviate overcrowding
 - Promote diversity
 - Ensure successful schools

Planned Capacity Changes

Along with the rezoning proposal to the CEC, the DOE proposed or plans to propose the following re-sitings to the Panel for Educational Policy (PEP):

- Re-siting of P.S. 191 to building M342 (Riverside Center) to provide P.S. 191 with a new facility and opportunity to expand enrollment
- Re-siting of P.S. 452 to building M191 to allow P.S. 452 to expand enrollment
- Re-siting of Dual Language Middle School to M044 to allow P.S. 84 to add and expand programming, such as pre-kindergarten and French Dual Language

Impact on P.S. 87

- P.S. 87 will not be required to go below its instructional footprint– the school will not lose any cluster (science, art, music, etc.) rooms as a result of the rezoning or re-siting of P.S. 452.
- P.S. 87 will not be required to increase class sizes above the contractual maximum of 32 across grades 1-5.

Background

- The DOE, District 3 superintendent, and CEC 3 have been working together over the past 18 months to address overcrowding and assess the best use of new elementary school capacity (building M342) in the southern portion of District 3.
- The DOE, CEC, and superintendent have engaged the community and gathered input at forums including:
 - CEC rezoning subcommittee meetings
 - CEC calendar meetings
 - CEC public hearing meetings
 - Stakeholder meetings
 - Designated DOE email address

Guiding Policies and Principles for Rezoning

- Impact on Current and Incoming Students
- Create Sustainable Zone Sizes
- Sibling Grandfathering - Chancellor's Regulation A-101
- Admissions – Chancellor's Regulation A-101
- Transportation/Busing – Chancellor's Regulation A-801

Methodology – Determining the Target Kindergarten Zone Size

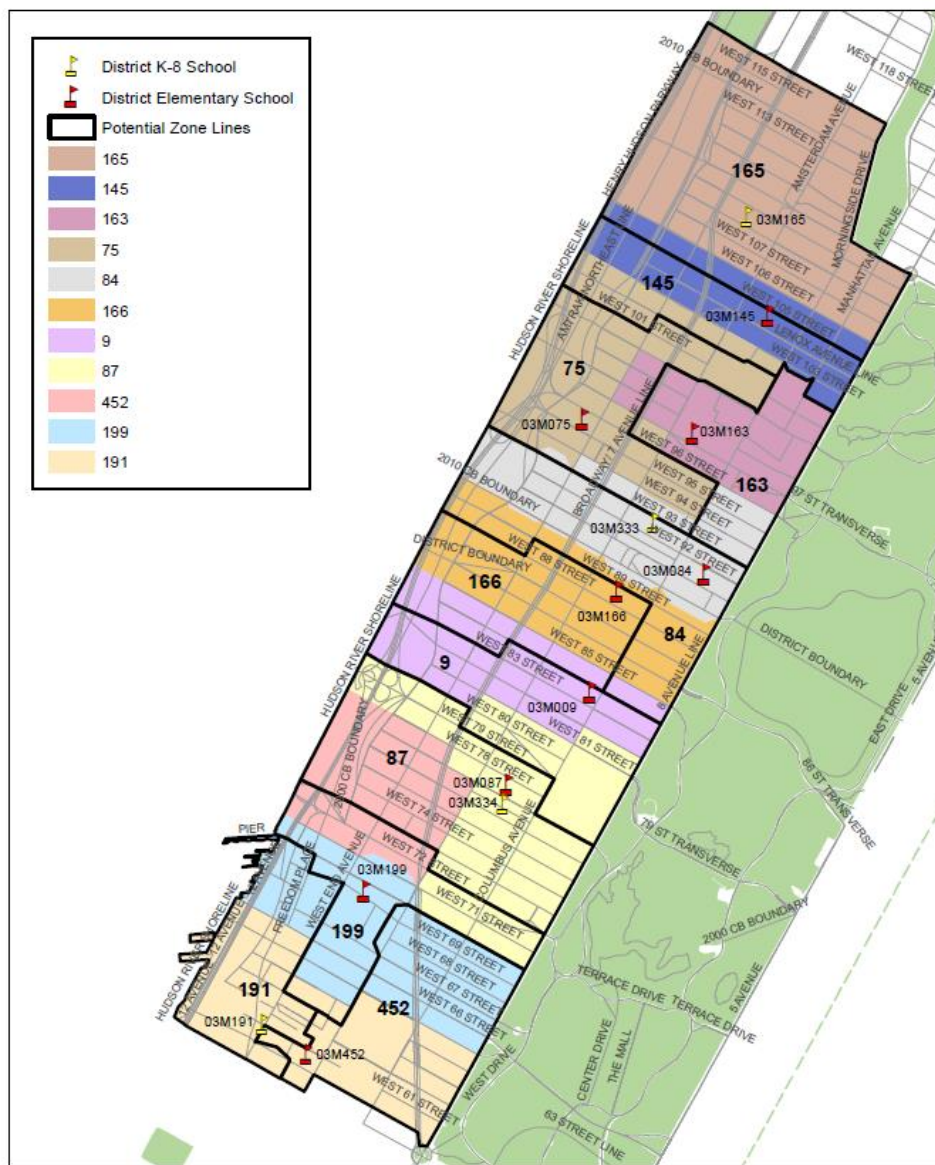

- **Seat Supply:** What is the capacity of each school?
- **Seat Demand:** How many students do we anticipate?

Methodology – Determining the Zone Lines

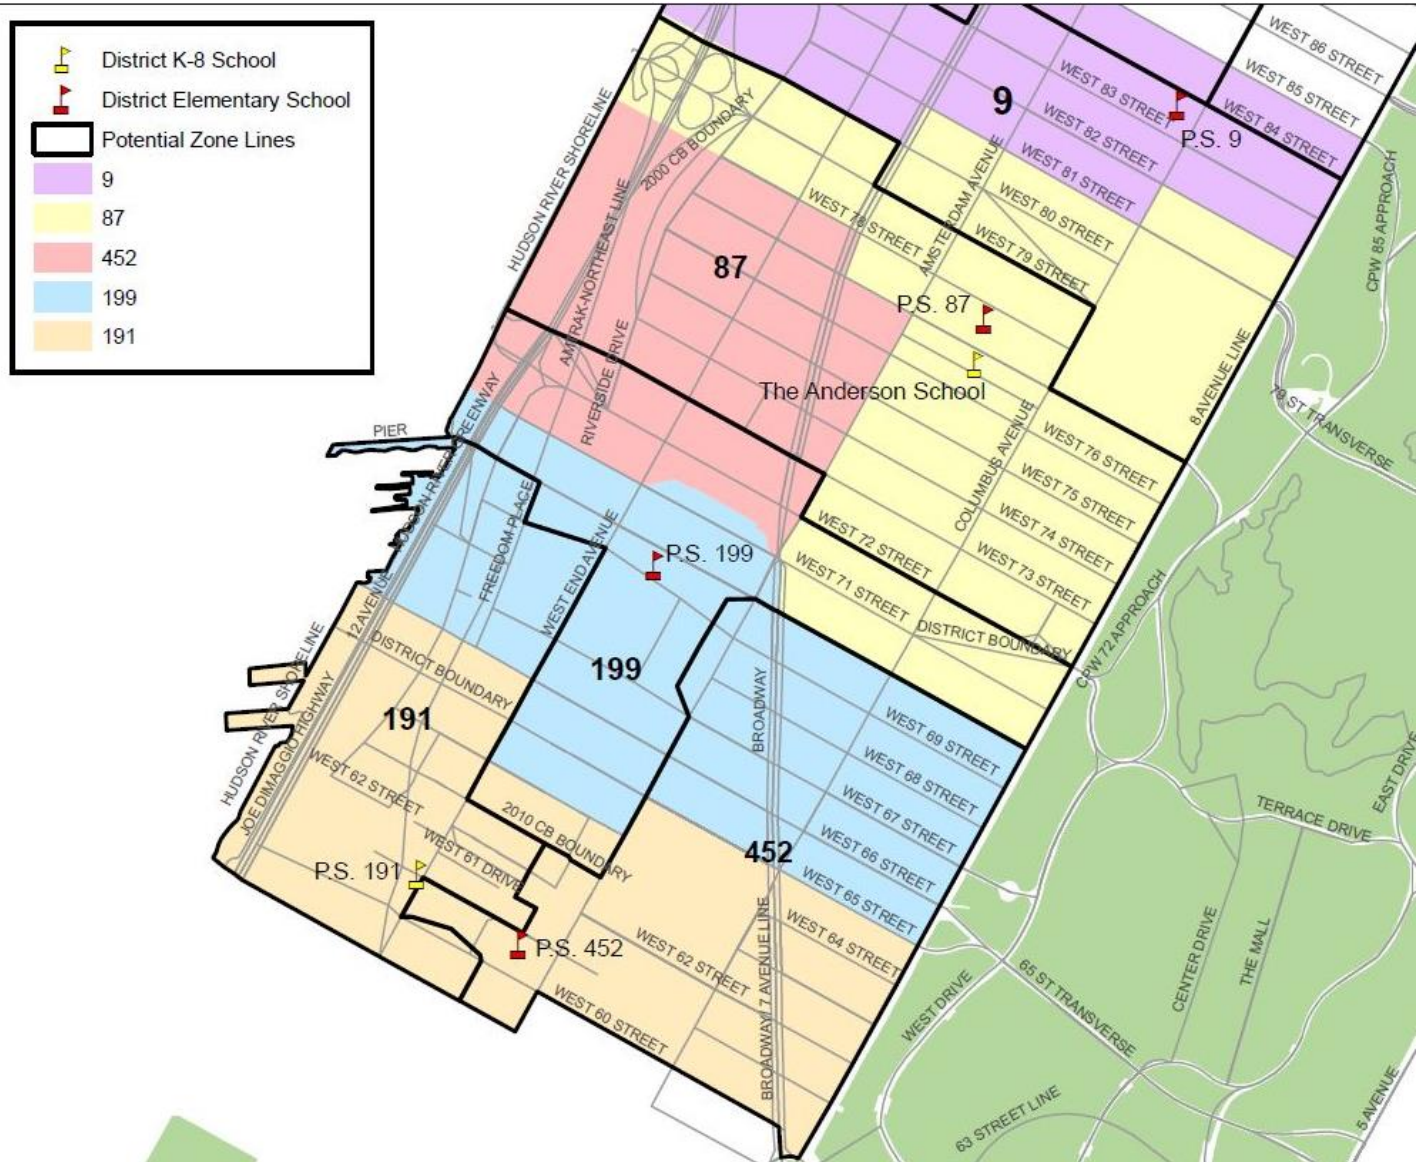

- Contains appropriate number of residents for a school's size, based on recent enrollment trends

- Factors we take into consideration:
 - New residential construction
 - Diversity
 - Geographic barriers
 - Travel distance

District 3 Rezoning – Central Park North to W 124th St

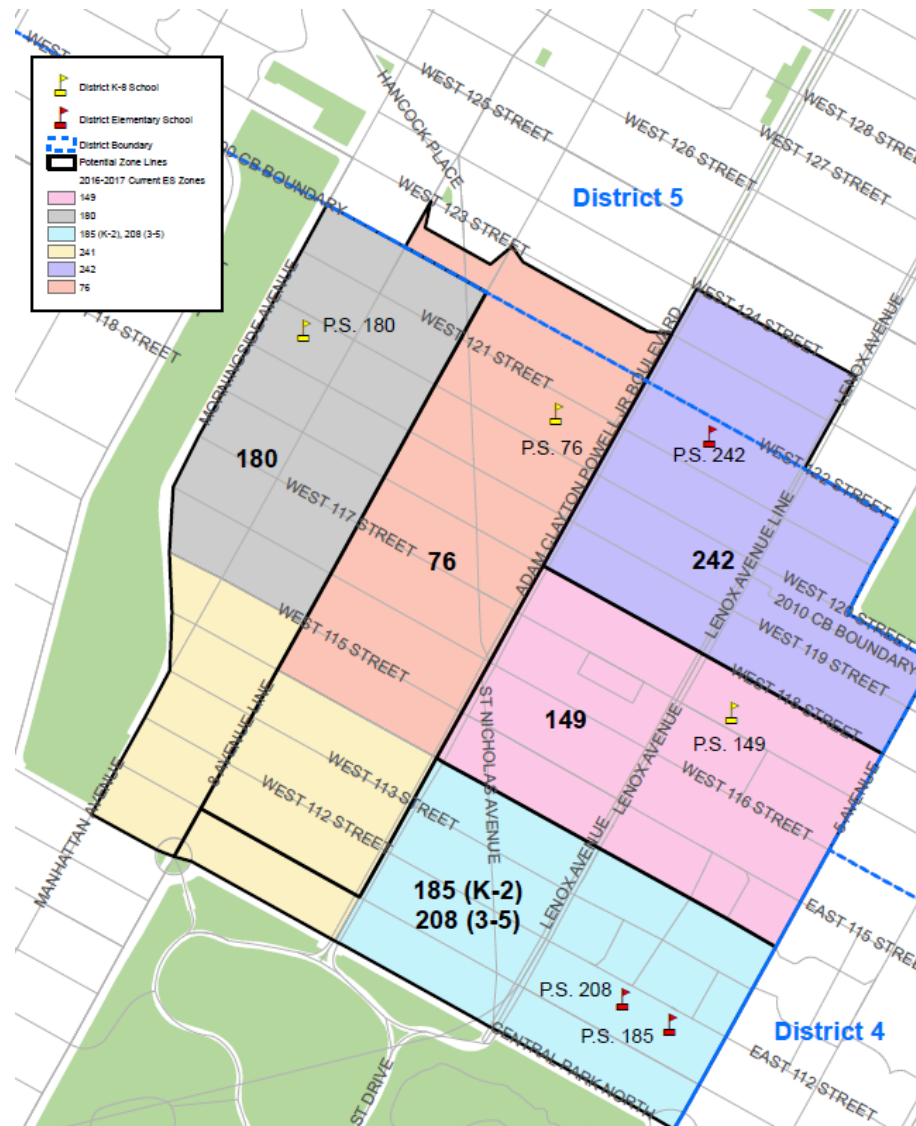

Rationale

- To address the budgetary and programmatic challenges that arise from low enrollment, the DOE plans to propose the consolidation of P.S. 241 with P.S. 076 to the PEP for implementation in the 2017-2018 school year.
- To minimize travel distance and promote zoned enrollment at nearby schools, the DOE proposes to distribute the P.S. 241 zone across the 3 adjacent zones.

Guiding Policies and Principles for Rezoning

- To ensure all students have access to a zoned school
- Admissions – Chancellor’s Regulation A-101
- Transportation/Busing – Chancellor’s Regulation A-801
- The DOE will work the community to explore the best use of the space in M113 if P.S. 241 is consolidated with P.S. 076
