ENROLLMENT

CITYWIDE D75 SPECIAL CLASS ENROLLMENT, 2020-21 TO 2025-26

- The number of District 75 students in special classes has increased by approximately 21% in the last five years.

DISTRICT 75 ENROLLMENT BY BOROUGH

- In all boroughs, the number of students enrolled in District 75 special classes increased between the 2023-2024 and 2025-2026 school years.
- Growth in the number of students in District 75 special classes was highest in Queens (972 students); and Staten Island has the highest rate of increase (16%).

DISTRICT PLANNING PROCESS

- The Office of District Planning partners with superintendents and communities to address district needs in accordance with Chancellor’s Regulation A-190, which governs the process to make any major changes to school utilization such as co-locations and re-sitings. A-190 proposals are voted on by the Panel for Educational Policy (PEP).
- The table below show all District 75 related proposals approved by the PEP that are implementing in the 2024-2025, 2025-2026, and 2026-2027 school years, as well as new sites in new or standalone buildings, which are not subject to the A-190 process.

- 40 new D75 sites have been added between 2024-25 and 2026-27
- During the 2026-2027 school year, the Office of District Planning anticipates identifying space for expanding existing District 75 programs and/or opening new sites for implementation in September 2027.

DISTRICT 75 ENROLLMENT BY RESIDENTIAL DISTRICT

District 75 ES Residents, 2025-26

- The above chart shows the number of District 75 elementary school residents by district who receive special class services.

District 75 MS Residents, 2025-26

- The above chart shows the number of District 75 middle school residents by district who receive special class services.

District 75 HS Residents, 2025-26

- The above chart shows the number of District 75 high school residents by district who receive special class services.

DISTRICT 75 SPECIAL CLASS SEAT NEED

- This section shows special class students and seats on the borough level and district levels, not including changes planned to implement in the 2026-2027 school year and beyond.
- District 75 placements are assessed on a borough basis, with consideration for students' individual special education needs, physical accessibility requirements, and district of residence, as well as seat availability and whether the student has a sibling at a specific site.
- Guiding Questions:
 - Does the district have a need for more District 75 seats?
 - Are there potential options for new District 75 sites to provide opportunities for students to attend programs closer to their homes?

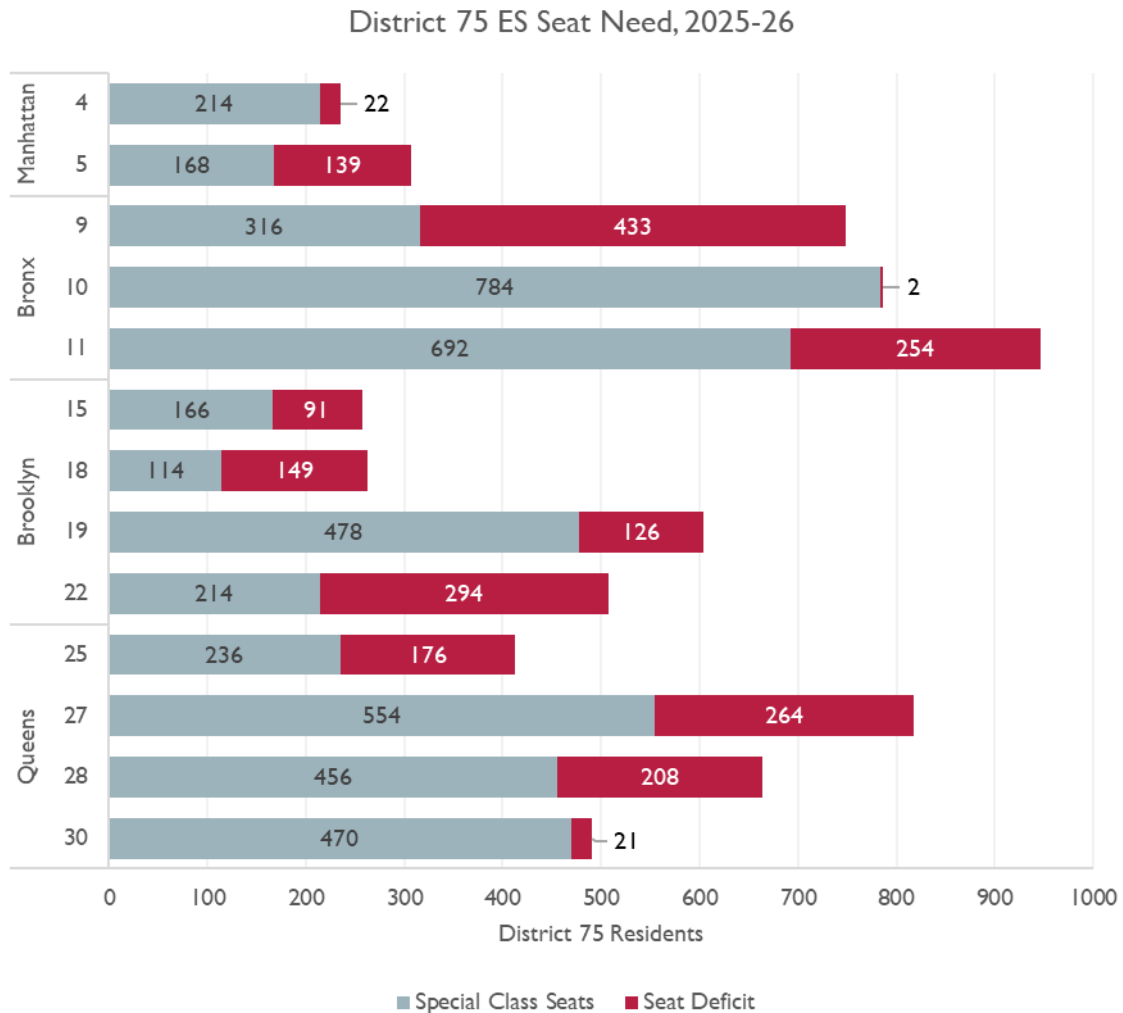

DISTRICT 75 RESIDENTS AND CAPACITY BY BOROUGH

Borough	Level	Students in Special Classes	Special Class Capacity
Manhattan	ES	1,354	1,566
	MS	458	616
	HS	913	1,320
Bronx	ES	3,968	4,138
	MS	1,377	1,480
	HS	2,583	2,762
Brooklyn	ES	3,542	3,792
	MS	1,127	1,340
	HS	2,300	2,572
Queens	ES	3,967	4,392
	MS	1,346	1,486
	HS	2,402	2,552
Staten Island	ES	1,103	1,210
	MS	370	448
	HS	676	742
Total		27,486	30,416

- Based on 2025-26 data, each borough has enough seats on aggregate compared with the total number of District 75 students in special classes. However, because seat student enrollment and capacity varies across each borough, district-level enrollment and seat need data help illustrate which districts may be in need of additional seats.
- In all districts, the need for specific, recommended program types, class sizes, and grade levels may not align with existing capacity and the overall excess or deficit of seats.
 - This is especially relevant in District 31 (Staten Island), where District 75 students have less access to programs in other boroughs due to geography.

DISTRICT 75 ES SEAT NEED BY DISTRICT

- The charts below compare the number of District 75 special class seats at the elementary, middle school, and high school levels within a given district with the number of district residents who require District 75 special class services, and includes districts that show a deficit of seats in 2024-2025.

Note: includes only students enrolled in D75 special classes

- In 2025-2026, District 9 in the Bronx had the largest special class seat deficit at the ES level (433).

DISTRICT 75 MS SEAT NEED BY DISTRICT

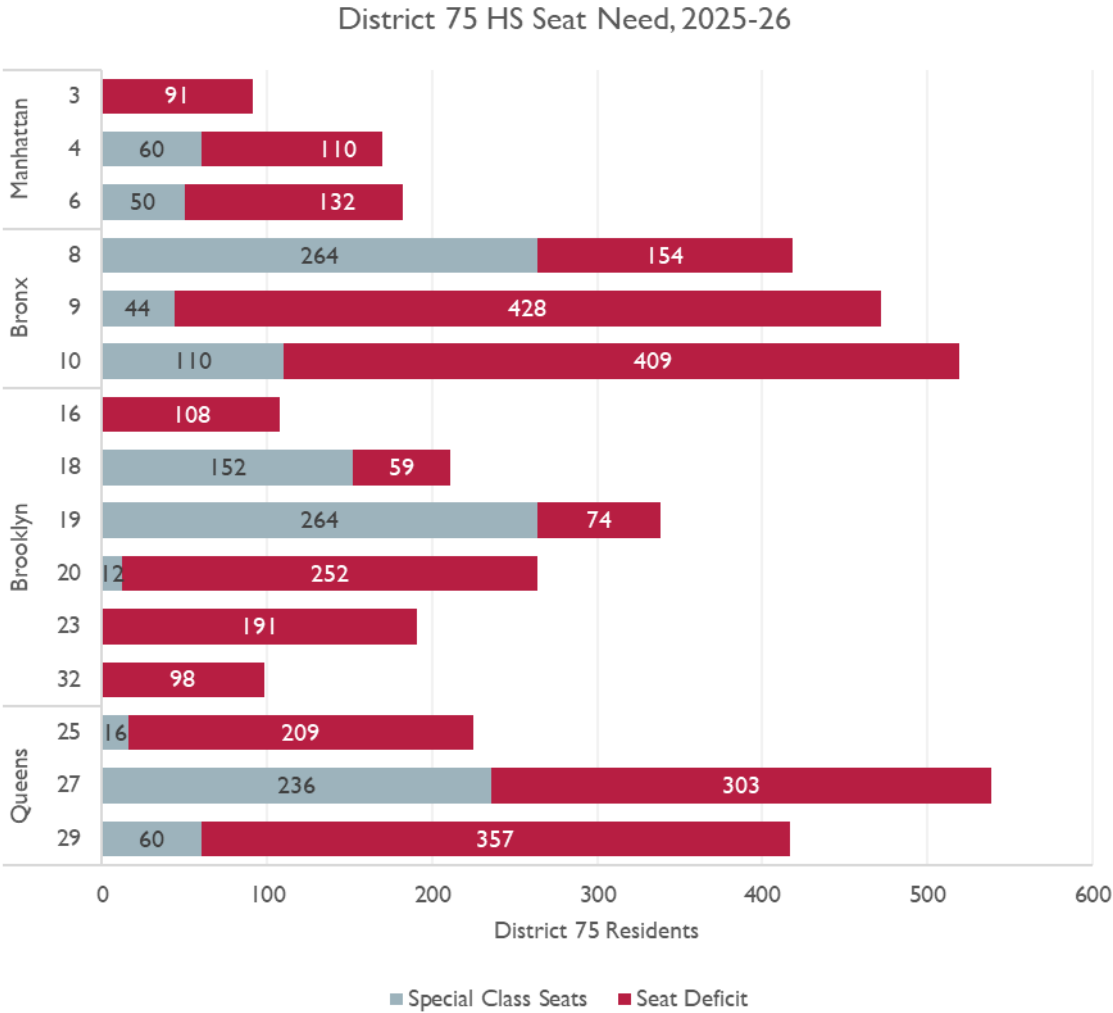

District 75 MS Seat Need, 2025-26

Note: includes only students enrolled in D75 special classes

- In 2025-2026, District 29 in Queens had the largest special class seat deficit at the MS level (119).

DISTRICT 75 HS SEAT NEED BY DISTRICT

Note: includes only students enrolled in D75 special classes

- In 2025-2026, District 9 in the Bronx had the largest special class seat deficit at the HS level (428).

DISTRICT 75 CAPACITY PROJECTS

- The table below reflects District 75 projects and new capacity projects with designed District 75 seats, per the NYC School Construction Authority as of March 2026.
- District 75 capacity is based on a maximum capacity of 12 students per class; the actual number of seats may be lower if smaller classes are opened in these new buildings.
