CITYWIDE TRENDS

CITYWIDE ENROLLMENT (DISTRICT AND CHARTER), 2014-15 TO 2023-24

New York City Public Schools (NYCPS) is committed to thoughtful collaboration with districts and communities to collectively strengthen schools, support students and families, and respond to demographic and population changes in New York City.

Source: Audited Register and Charter Headcount; includes district and charter school enrollment

- Enrollment in D1-32 schools remained stable in 2023-2024 after declining by about 12% in the three school years since the onset of the COVID-19 pandemic.
- Overall, K-12 enrollment in District 1-32 schools and charter schools has declined by about 11% since its peak in the 2016-2017 school year.

DISTRICT PLANNING PROCESS

- The Office of District Planning partners with communities, superintendents, and other stakeholders to identify solutions that address district needs, in accordance with Chancellor’s Regulations A-185 and A-190.
 - **Chancellor’s Regulation A-185** governs the process to re-zone or unzone schools in partnership with and voted on by Community Education Councils (CECs).
 - **Chancellor’s Regulation A-190** governs the process to make any major changes to school utilization such as co-locations, school mergers, grade expansions and truncations, re-sitings, and other changes. A-190 proposals are voted on by the Panel for Educational Policy (PEP).
- Guiding Questions:
 - How might recent changes affect the needs of the district as they are implemented? Do they address key needs and priorities?
 - What other school changes could be considered?

CHANGES IN DISTRICT – 2021-22 TO 2024-25

Implementation Year	Change Type	Description	Impacted DBN(s)	Impacted Building(s)
2023-24	New District 75 Site	Opening and Co-location of P352X@X048, a New Site of Existing District 75 School P.S. X352 The Vida Bogart School for All Children (75X352), with P.S. 48 Joseph R. Drake (08X048) in Building X048	75X352	X048
2023-24	New District School	Opening of a New District High School, Virtual Innovation Academy (08X636), in Building X840	08X636	X840

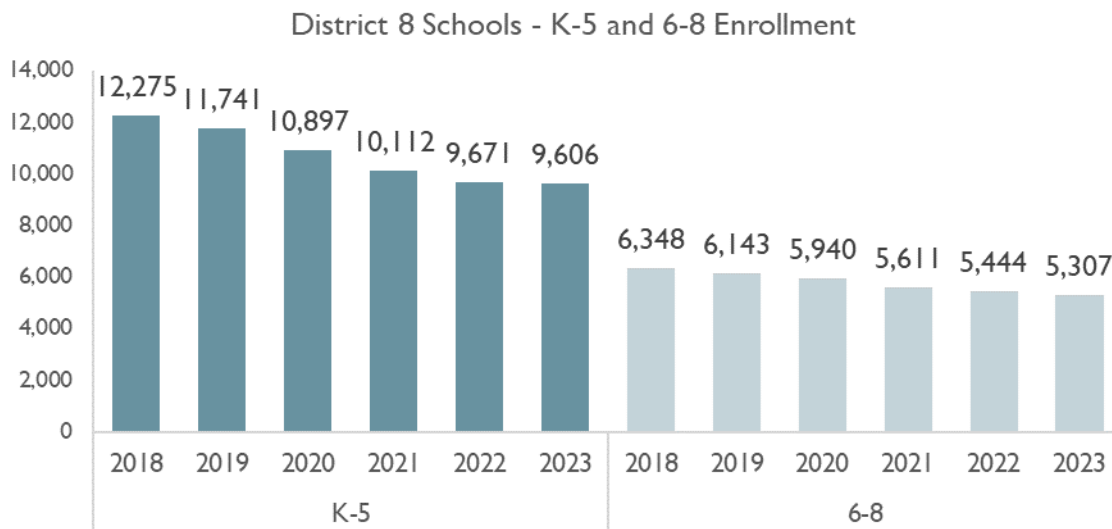

- There have been relatively few significant changes in school utilization in District 8 over the past several school years.
- A new District 75 elementary school program opened in building X048 in Hunts Point in the 2023-24 school year.

DISTRICT ENROLLMENT TRENDS

UNPACKING ENROLLMENT TRENDS

- Enrollment is a key data component in the District Planning Process. Enrollment data helps us identify trends, generate hypotheses, and understand where we need to dig deeper in partnership with our stakeholders.
- Guiding Questions:
 - What has happened to district enrollment over the last six years overall? By incoming grade (Kindergarten, 6th grade, and 9th grade)? Are there notable trends?
 - Are students remaining in the district to attend school? If not, where are they going?

DISTRICT 8 K-5 AND 6-8 ENROLLMENT, 2018-19 TO 2023-24

Source: Audited Register; includes enrollment in district schools only

- Since the 2018-19 school year, district elementary enrollment in District 8 declined by 22%.
- Since the 2018-19 school year, district middle school enrollment in District 8 declined by 16%.
- These enrollment declines are slightly lower than the enrollment declines seen at the borough level. Bronx elementary school enrollment decreased by 27%, while Bronx middle school enrollment decreased by 22% over the past five years.

Source: Audited Register; includes enrollment in district schools only

- Over the last five years, total enrollment in District 8 decreased by 15%.
 - The enrollment decline was most significant at the elementary school level (22%), followed by the middle school level (16%).
- However, in the last two years, total enrollment in District 8 remained stable.

Residential population is presented here as the sum of students attending any DOE school, charter or nonpublic school; as such, this metric will not capture students who are home schooled, have dropped out, or are otherwise not enrolled in these school options.

- Over the past five years, total District 8 K-12 aged residents decreased by 11%, with the largest decrease seen among K-5 residents (-15%).
- The decrease in the District 8 K-12 aged residential population likely partially contributed to the decrease in District 8 enrollment over the past five years. However, in the past two years, total District 8 residents remained stable.

- The primary drivers of the decrease in both elementary and middle school enrollment in District 8 over the past five years are a decrease in District 8 K-8 aged residents and an increase in the number of District 8 K-8 aged residents leaving the district to attend charter schools.
- On the elementary school level, District 8 enrollment decline over the past five years was also driven by a decrease in the number of K-5 aged residents from other districts enrolling in District 8 elementary schools.
- On the middle school level, on the other hand, over the past five years, there was a 22% increase in the number of 6-8 aged residents from other districts enrolling in District 8 middle schools, but this increase was not steep enough to outpace the 48% increase in the number of District 8 6-8 aged residents leaving the district to attend charter schools.

- Four of the five high demand elementary schools in District 8 serve early childhood and grades K-5. P.S. 71 is a K-8 school.
- M.S. X101, J.H.S. 123, and Pugsley Preparatory Academy are 6-8 schools, while Bronx Studio School for Writers and Artists is a 6-12 school.
- P.S. 304 and M.S. X101 are co-located in the eastern section of District 8 in Throggs Neck. P.S. 71 and Bronx Delta are also located in Throggs Neck.

ENROLLMENT VS. CAPACITY

- We consider the total number of students and the total number of seats to see if there is a net surplus or deficit of seats within a district.
- Some districts, and particular areas within a district, struggle with over-utilization, while others have excess capacity.

DISTRICT 8 ENROLLMENT VS. CAPACITY

	Seats	Enrollment	Excess / (Deficit)
ES	11,731	9,606	2,125
MS	7,168	5,307	1,861

DISTRICT 8 NEW CAPACITY PROJECTS

Building	Building Name	Building Level	Description	Total Seats	Anticipated Opening
X138	P.S. 138 - BRONX ADDITION	PS	Addition	500	September 2024

Based on a New York City School Construction Authority report from July 2023. Includes only projects for grades K-12. Opening timelines are subject to change.

- The X138 addition is anticipated to be completed in September 2024.
- District 8 is expected to continue to have excess seat capacity over the next several years.
- Currently there are roughly 2,125 excess seats at the elementary school level and 1,861 excess seats at the middle school level.

BUILDINGS & CAPACITY

- The Office of District Planning works closely with the School Construction Authority (SCA) and the Office of Space Management to understand how buildings are currently used and how capacity can best be used in future years.
- Each year, the SCA publishes the Blue Book, a tool that analyzes the capacity of each NYCPS building across the City and compares the target capacity with the number of enrolled students to determine a utilization rate for the building.
- Guiding Questions:
 - Given the current and projected capacity trends presented in the preceding Demand and Capacity section, does the district have sufficient capacity to meet its needs and support its students?
 - Is over- or under-utilization concentrated at a particular grade level? In a particular area?
 - Are there under-utilized buildings with excess capacity to accommodate an additional school or program?

UNDER-UTILIZATION IN DISTRICT 8

Source: Graph shows enrollment and capacity from 2022-2023 Blue Book; UU status is from the preliminary 2023-2024 UU analysis, and accounts for building enrollment and planning changes implemented in 2023-2024 and after.

- Utilization rates do not always capture the full narrative of space in a building, but provide a starting point for assessing potential space availability. For example, some buildings, although under-utilized, may not have sufficient space to add another school.
- Other buildings with significant excess seats could be candidates to address pressing district needs, including housing another school or adding or expanding programs such as dual language offerings, District 75 programming, Autism Spectrum Disorder (ASD) programs, Gifted and Talented, and/or other district needs.
- Buildings X450 and X405 have the most excess seats of any buildings in the district. These buildings house secondary schools and/or high schools.
- Building X174 has 770 excess seats, the most excess seats of any building in the district housing a middle school, secondary school, and high school.
- Building X048 opened a new District 75 program in the 2023-24 school year.
- Based on Blue Book 2022-2023 capacity and enrollment, building X192 had fewer than 300+ excess seats, but taking 2023-2024 enrollment into consideration, the building will have 300+ excess seats.
- Building X138 is captured in the chart above because a new addition will open in September 2024, which will add additional seats and cause the building to be under-utilized.

OVER-UTILIZATION IN DISTRICT 8

Source: 2022-2023 Blue Book

- There are 9 buildings in District 8 operating at over 100% utilization.
- The Office of District Planning seeks to work with superintendents, CECs, and partner offices to alleviate overcrowding through the leveraging of available capacity.

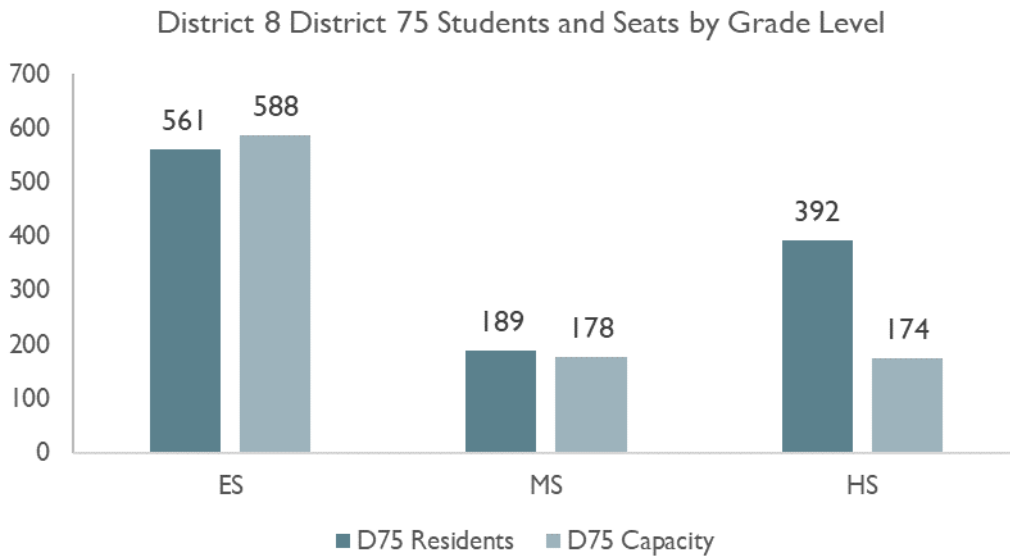

TRANSPORTABLE CLASSROOM UNITS (TCUS)

Main Building ID	Building	Number of TCUs	Status
X071	P.S. 71 - BRONX	3	In Process

- There is one TCU in District 11 in building X071, but it is in the process of being removed.

DISTRICT 75

- NYCPS’s District 75 provides highly specialized instructional support for students with significant challenges, such as Autism Spectrum Disorder (ASD), significant cognitive delays, emotional disturbance, sensory impairment, and multiple disabilities.
- District 75 serves students through a number of different program models designed for students of different ages and education needs.
 - Most District 75 students attend Special Class programs, which operate as distinct schools and may be located in standalone sites or co-located with district schools
 - A smaller number of students attend Inclusion Programs, in which students receive District 75 services within general education classes at a district school partner.
- Guiding Questions:
 - Does the district have a need for more District 75 seats?
 - Are there potential options for new D75 sites to provide opportunities for students to attend programs closer to their homes?

District 8 D75 Special Class Enrollment by Year

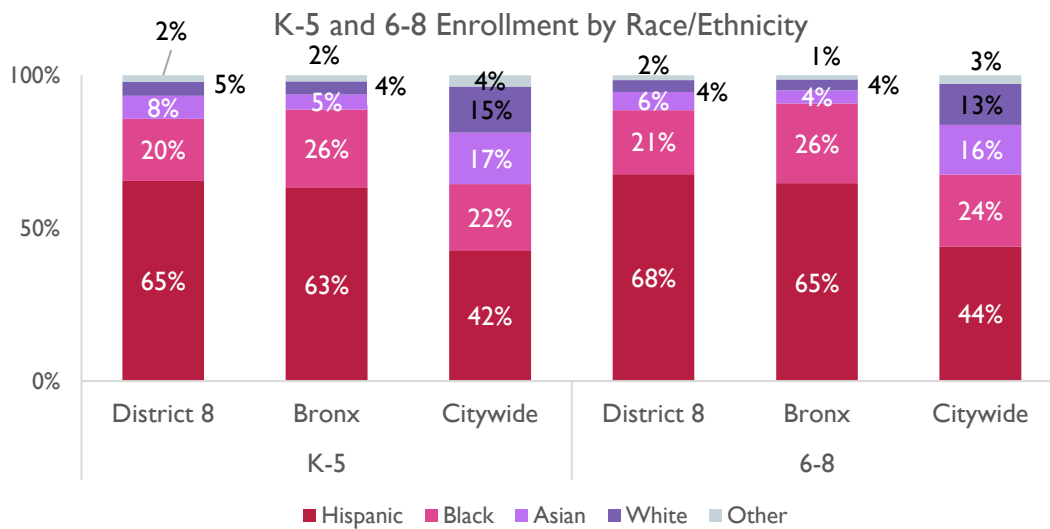

- There is a small deficit of 11 District 75 middle school seats and a deficit of 218 District 75 high school seats in District 8.
- The number of students in District 8 who need a District 75 seat increased at the elementary and high school levels and decreased at the middle school level over the past three years.

DEMOGRAPHICS & STUDENT POPULATION

STUDENTS SERVED IN THE DISTRICT

- Demographic data helps us understand the landscape of a district and the different communities served.
- Guiding Questions:
 - How do the demographics of the district compare to the borough? To the City?
 - Are there any notable trends in the district’s demographics?
 - How the demographics of individual schools compare with other schools in the district?

RACE/ETHNICITY

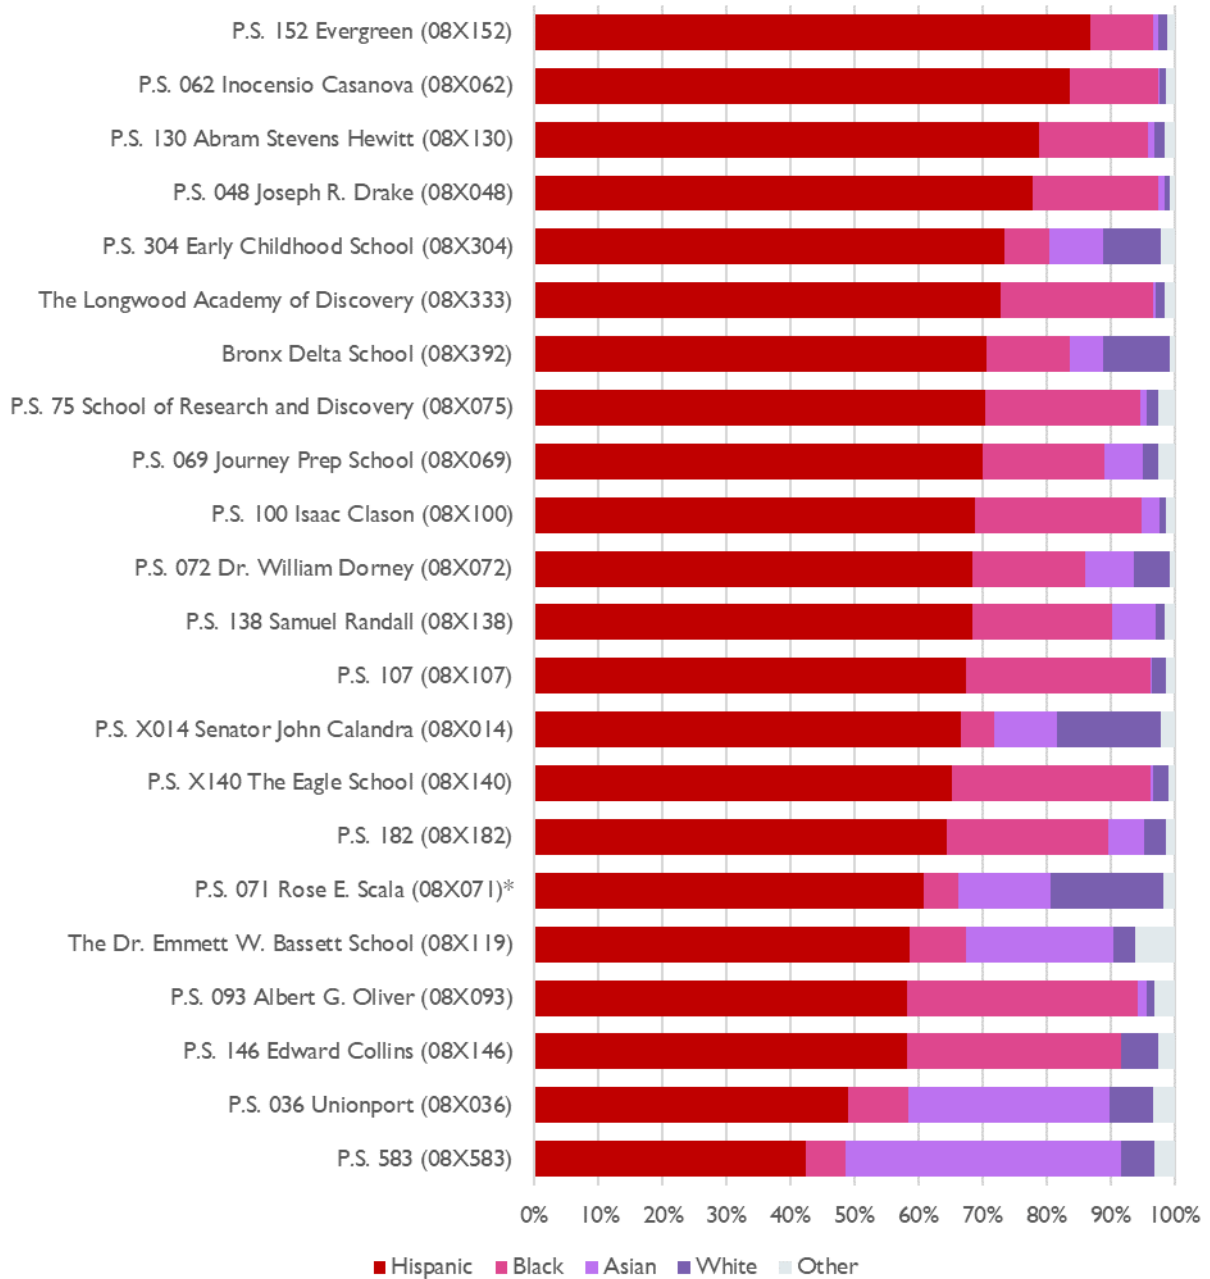

Source: 2023-2024 Audited Register; includes both district and charter schools

- Roughly two-thirds of elementary and middle school students in District 8 are Hispanic students and one-fifth to one-fourth are Black students, which is similar to Bronx averages.
- District 8 serves lower percentages of Asian and White students compared to the citywide averages.

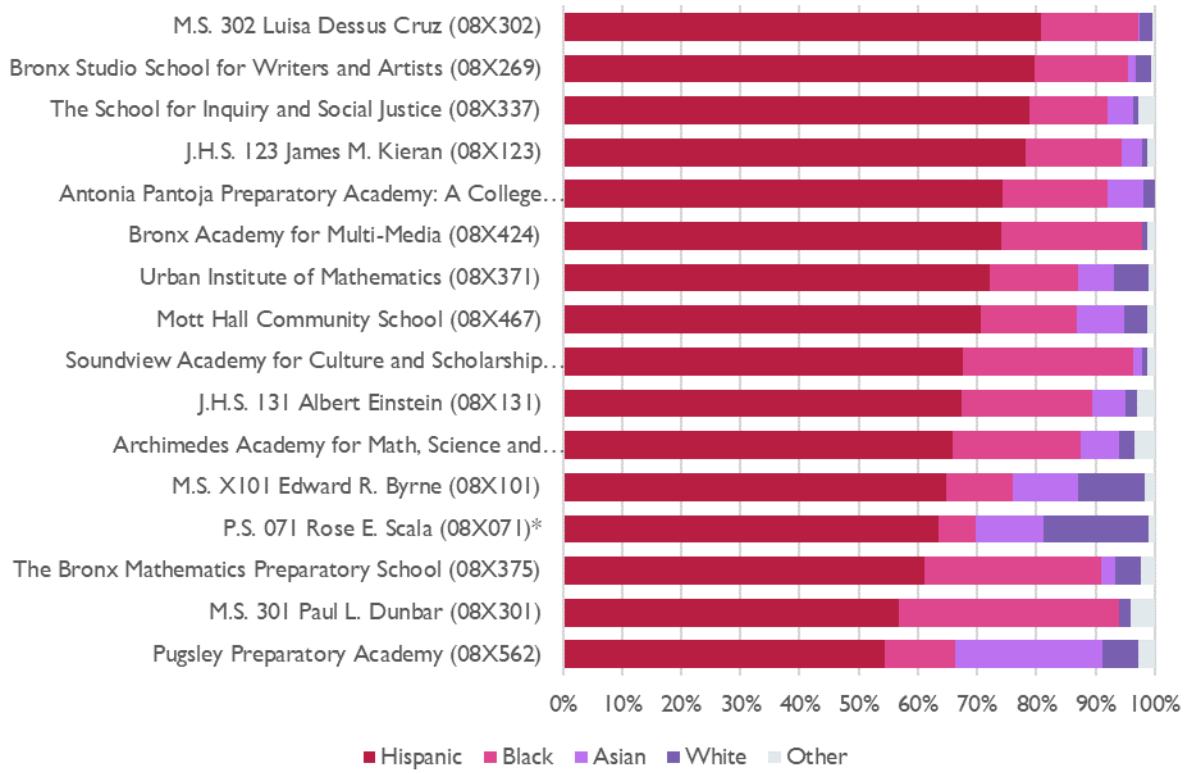

- All but two District 8 elementary schools (P.S. 36 and P.S. 583 in Unionport) and all District 8 middle schools serve a majority of Hispanic students.
- Schools in the western part of District 8, such as P.S. 93 and P.S. 146 in Hunts Point, tend to serve larger Black populations, while those in the eastern part of District 8, such as P.S. 14 and P.S. 71 in Throggs Neck, serve greater numbers of White students.

STUDENTS WITH DISABILITIES, STUDENTS WHO ARE ECONOMICALLY DISADVANTAGED, AND ENGLISH LANGUAGE LEARNERS

Students with Disabilities (K-8)

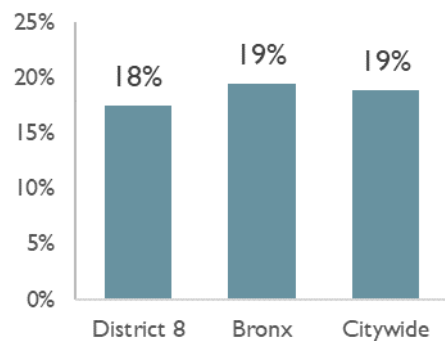

- 22% of District 8 students are students with disabilities. This is about the same as the borough and citywide averages.

Economically Disadvantaged (K-8)

- 87% of District 8 students are economically disadvantaged. This is on par with the borough average but higher than the citywide average.

English Language Learners (K-8)

- 18% of District 8 students are English Language Learners. This is about the same as borough and citywide averages.

SPECIAL PROGRAMS

- Understanding the landscape of special programming helps identify potential district needs.
- Guiding Questions:
 - For all programs, are sites geographically dispersed/accessible?
 - Are ASD Nest and/or Horizon programs available in the district? What grade levels do they serve?
 - Does the availability of Dual Language (DL) and Transitional Bilingual Education (TBE) programs align with ELL needs in the district?

	District 8	Bronx
Schools with ASD Programs	5	29
<i>Horizon</i>	1	13
<i>Nest</i>	4	16
Schools with G&T Programs	2	16
Schools with Bilingual Ed Programs	6	89
<i>DL</i>	3	24
<i>TBE</i>	1	8
<i>DL/TBE</i>	2	57

- District 8 has five ASD programs, 2 G&T programs, and 6 Bilingual Education programs.
