Parent Consent Form | School Year 2025-26

Please fax all DMAFs to 347-396-8932/8945

1 Offilis submitted after barie 1 may a	ciay processing for new seriour year.		i icasc iax all bit	11/11 3 to 0+1 000 0002	./0040
Student Last Name	First name	Date of Birth	Sex □ M □ F	OSIS#	
School ATSDBN / Name	Address	Borough	District	Grade / Class	

PARENTS AND GUARDIANS: READ, COMPLETE, AND SIGN. BY SIGNING BELOW, I AGREE TO THE FOLLOWING:

- 1. I consent to the nurse/school-based health center (SBHC) provider giving my child's prescribed medicine, and the nurse/trained staff/SBHC provider checking their blood sugar and treating their low blood sugar based on the directions and skill level determined by my child's health care provider. These actions may be performed on school grounds or during school trips.
- 2. I also consent to any equipment needed for my child's medicine being stored and used at school.
- I understand that:
 - I must give the school nurse/SBHC provider my child's medicine, snacks, equipment, and supplies and must replace such medicine, snacks, equipment and supplies as needed. The Office of School Health (OSH) recommends the use of safety lancets and other safety needle devices and supplies to check my child's blood sugar levels and give insulin.
 - I consent to my child carrying and storing their medication/supplies in school and on trips as outlined in their 504 meeting.
 - All prescription and "over the counter" medicine I give the school must be new, unopened, and in the original bottle or box. I will provide the school with current, unexpired medicine for my child's use during school days.
 - Prescription medicine must have the original pharmacy label on the box or bottle. Label must include: 1) my child's name, 2) pharmacy name and phone number, 3) my child's health care provider's name, 4) date, 5) number of refills, 6) name of medicine, 7) dosage, 8) when to take the medicine, 9) how to take the medicine and 10) any other directions.
 - I must **immediately** tell the school nurse/SBHC provider about any change in my child's medicine or the health care provider's instructions.
 - OSH and its agents involved in providing the above health service(s) to my child are relying on the accuracy of the information in this form.
 - By signing this Medication Administration Form (MAF), I authorize OSH to provide diabetes-related health services to my child. These services may include but are not limited to a clinical assessment or a physical exam by an OSH health care provider or nurse.
 - The medication order in this MAF expires at the end of my child's school year, which may include the summer session, or when I give the school nurse/SBHC provider a new MAF (whichever is earlier). When this medication order expires, I will give my child's school nurse/SBHC provider a new MAF written by my child's health care provider.
 - OSH and the Department of Education (DOE) make sure that my child can safely test their blood sugar.
 - This form represents my consent and request for the diabetes services described on this form, and may be sent directly to OSH. It is not an agreement by OSH to provide the requested services. If OSH decides to provide these services, my child may also need a Student Accommodation Plan. This plan will be completed by the school.
 - For the purposes of providing care or treatment for my child, OSH may obtain any other information they think is needed about my child's medical condition, medication, or treatment. OSH may obtain this information from any health care provider, nurse, or pharmacist who has given my child health services.

NOTE: It is preferred that you send medication and equipment for your child on a school trip day and for off-site school activities.

OSH Parent Hotline for questions about the Diabetes Medication Administration Form (DMAF): 718-786-4933

FOR SELF-ADMINISTRATION OF MEDICINE AND/OR PROCEDURES (INDEPENDENT STUDENTS ONLY):

- I certify/confirm that my child has been fully trained and can take medicine and/or perform procedures on their own. I consent to my child carrying, storing, and giving themself the medicine prescribed on this form in school and on trips. I am responsible for giving my child this medicine in bottles or boxes as described above. I am also responsible for monitoring my child's medication use and for all results of my child's use of this medicine in school. The school nurse or SBHC providers will confirm my child's ability to carry and give themself medicine. I also agree to give the school "back up" medicine in a clearly labeled box or bottle.
- I consent to the school nurse or trained school staff giving my child glucagon if prescribed by their health care provider if my child is temporarily unable to carry and take medicine.
