

FY2027 Planned Allocation of C4E Above the FY2026 C4E

The below represents a proposal, and should not be used for school budgeting

In FY2027, C4E is increasing by \$269 million: \$45 million is existing funding and \$224 million is new additional funding. The \$45 million is currently allocated via the Class Size SAM, and will be phased in as C4E in the same way it is currently allocated and will be restricted for the same purpose.

The new \$224 million is proposed to be distributed to schools that identified a teacher need in order to comply with FY2027 Class Size targets. In some cases, this allocation will be supplemented with City Tax Levy funding. The C4E allocation includes fringe and must be utilized first.

Schools may only use this allocation toward teacher salaries in support of meeting their Class Size Need unless otherwise permitted.
