

Got an IEP meeting coming up? You don't have to walk in alone!

A Parent Member is a trained parent of a child with a disability who has gone through the IEP process and is ready to support you.

Parent Members help you:

- Feel more confident during the meeting
- Understand decisions being made
- Get your questions and concerns addressed
- Have someone with lived experience by your side

Requesting a Parent Member

Let your [Committee on Special Education \(CSE\)](#) or school IEP team know at least 72 hours (3 days) in advance — by email, phone, or in person.

Questions, clarity, or concerns?
